
Interest Free Credit

Here at Transformation we understand that many of our valued customers see new products or special offers at times when money may be short, so in addition to credit card facilities we now offer: 0% Interest FREE Credit.

This allows you to buy now at special offer prices and pay over 3-9 months without additional costs - you still only pay the cash price (subject to status - written quotations on request - see staff for details).

You can now borrow between £250 and £1,500 (or equivalent in other currencies), and you can choose to pay over 3, 6 or 9 months (minimum monthly repayment £50). You still only pay the cash price. Sorry not available in the USA.

Simply take the value of your order (including postage and packaging) which must not be less than £250 and divide by the number of months (between 3 and 9) that you wish to make the payments over (minimum monthly payment is £50).

Make out separate cheques for each month dating the first one with today's date and the others a month apart.
