
Our Distribution Centre

With over 20,000 square feet of warehouse space our distribution centre gives us the space to hold even more stock which now results in a 100% despatch of all orders within just 2 working days of the receipt of your order

Our dedicated staff pick and pack your order individually by hand (you will find a little note in your parcel personally signed by the relevant member of staff). Your order is then securely and confidentially wrapped and despatched by a premier delivery service (UPS or similar).

This continuous investment in logistics and dedicated caring staff since Transformation was founded in 1984 has allowed us to offer an unparalleled level of exclusive products and service world-wide.

Everyone throughout the whole company, whether in our 3 shops or in mail order is totally committed to fulfilling our founders promise:

WE DO ALL WE CAN TO EXCEED YOUR EXPECTATIONS!
