## Magical Days

At Transformation we now offer you the chance to experience what it's like to be a woman for the whole day. All you have to do is turn up at any transformation shop, as early as you can ( we open at 9am) and ask for a "Magical Day"

You will then be transformed into a convincing, beautiful woman by one of our specially trained staff. Whilst having a cup of tea or coffee you will chat with your personal assistant about how exactly you wish to look. This really is your chance to be that woman of your dreams.

No other company or crossdressing service can offer you the huge range of essential female transforming products and resources that are available at Transformation. With over 22 years of experience of transforming men into beautiful women you can rely on us to make your dream come true

On your magical day you will be able to enjoy 3 completely different female transformations. So maybe you could start with a "classical girl about town look", next you could have a fun, "sexy and tarty look" and finally you could enjoy a "bridal or glamorous evening look". The choice of the 3 looks is yours. Each of your female looks will be captured on film and you will take home your photographs as a memento of your very special day.

If that's not enough here is what is also included in your Magical Day.
