

New Instore

Our New Ultimate Creme de la Crème silicone breasts have a new Shape and Feel. These are the first silicone breasts in the world that replicate the drape, fall and hang of a natural woman's breast. Yes the very Ultimate Silicone Breasts.

Crème de la Crème -the very best of the best-the final word in authentic natural silicone breasts have all the top features expected from top quality silicone breasts, but with one very important addition: namely very realistic reactive nipples, and once again a development exclusive to ourselves. These in built nipples are not only realistically shaped and tinted but also have a locked in reactive ingredient, so they react as a natural female nipple does, dependant on ambient temperature - the colder they are the more prominent the nipple.

Gorgeous Sexy, Peep-Toe Court shoes. With beautiful 4"inch(10cm) stiletto heels, and wide fit for added comfort. Glossy red patent only. All sizes UK
