
Kathy's Magical Day

See how Ken is turned into Kathy for a truly Magical Changeaway.

Ken arrives at the Manchester shop. Nervously he looks back, and thinks to himself "can they really transform me into a beautiful lady". He takes a big deep breath, walks to the entrance, pulls the door open and walks in. We know this is the hardest part for so many of our first time visitors.

Ken is greeted by Angela as soon as he enters the shop. Angela is well known for her touchy, feely warm personality and gentle approach, knowing how nervous first time visitors to her shop can be. Ken is shown one of the many galleries of photos of previous Changeaway guests. He can't wait to get started.

Ken is now Kathy. Standing for a moment, in front of the full length mirror Kathy is simply stunned by how feminine her new bodyshape has become. With bouncy fuller D-cup silicone breasts, hourglass laced victorian corset, silicone hips and bottom and a satin cache sex worn discreetly inside her strong white panty girdle.

Kathy chose this outfit herself, she wanted a flowing skirt and a snug fitting top, to show off her lovely new breasts. Next to the beauty salon for Hair and make-up.

Here you have her, Kathy being shown off by Angela. The glasses had to go, Kathy bought herself new disposable lenses especially, for this day. Angela shaped her eyebrows just a little, and softened the colour to match her wig, a very popular style, called Evelyn. Angela knew Kathy looked great, so to prove to Kathy that she could pass in public, she was sent out to the post box.

Kathys, next magical look had to be something totally different. She wanted a really tarty look, and it had to include wearing something very short and thigh high boots, with 5 inch heels.

Isn't she lovely, you can see from the smile on Kathys face that she is really enjoying every moment. As soon as Kathy spotted this dress in our changeaway wardrobe room she knew she just had to have it. With a change of wig (our style Louisa, dark brown) and topped of with a sparkling Tiara.

Just one more dress, asked Kathy. So for her last hour she picked this full length chiffon dress that comes with matching scarf/cape. We changed her wig, this time for a dark brown Evelyn style. And finally Kathy can relax and put her feet up before she returns to being Ken.
