
Mark to Martina

See how Mark transforms into Martina. Mark went to the Manchester shop recently for a changeaway and was transformed by Shellie. See the evidence for yourself.

Mark takes a deep breath and walks into our Manchester Shop, not knowing what to expect. As you can see here, nobody can see the inside of Transformation shops.

Reasured by Shellies,(the assistant manager), friendly warm greeting, Mark is quickly put at ease , and soon they are both sat together, deciding which changeaway image Mark wants to go for. Mark , whose fem name is Martina, decides on the ever popular Sexy and Tarty look.

Shellie shows Mark a whole array of gorgeous outfits he can choose from, in the privacy of the wardrobe room. Mark selects this lovely white clingy top, that buttons up the front. So if he wants, he show a little cleavage.

Before you know it, Shellie has got Mark-now Martina into, a black satin cache sex, matching suspenderbelt, panty girdle, lace top stockings and is pulling Martina into her Satin and Lace Victorian Bodyshaper. This will pull Martinas waist in by

upto 6”inches. As you can see Martina needs to hold herself firmly whilst Shellie firmly pulls her waist in.

As you can see Martina is delighted with her Transformation, with a new hourglass waistline, silicone enhanced hips and bottom and those fabulous 4”inch patent stiletto heels.

Shellie carefully inserts the C-cup, Crème de la Crème Silicone breasts, which all changeaway customers can wear during there makeovers(choice of 4 sizes). Now that’s Martinas female shape transformation complete. Hasn’t she got a nice rounded bottom and great boobs.

Before you know it Shellie has Martina in her outfit, a really sexy swirly black mini skirt, that cheekily reveals her stocking tops and that clingy white top, which shows of her breasts to perfection. To top it of a deep waist nipping belt, made for 1000s of shiny black sequins, for that touch of glamour.

Next Martina is taken through to the beauty salon for her make-up application and tuition. First piece of make up to go on is our Miracle Beard Cover. As Martinas make up is applied, Shellie explains how its done, and passes on quite a “few tricks of the trade”, hoping that Martina will remember some of it- like always use make up brushes when applying make-up to get that perfect feminine look, and your make-up will stay on much longer.

Martina chose this wig, its called Evelyn in dark brown, a very popular medium length bob- style. Great for framing the face, hiding any manly sideburns and a longer fringe to rest just over the eyebrows. For finishing touches, dangly clip-on earrings a matching neclace and bracetlet are added.

With the clever use of the mirrors in the Manchester shop changing rooms, you can see all sides of Martina. Doesn’t she look sexy and confident and happy.

Here are a few snap shots of Martina as she enjoys the rest of her stay at the Manchester shop with all the staff and other changeaway guests
